

AI WeatherWise

AI-Augmented Backend Development Project

PHASE 7 – PROJECT DOCUMENTATION

Team No.	05
Team ID	SWTID-2026-9139
Project Title	AI WeatherWise
Team Leader	HIBA FATHIMA S
Team Members	DIVYA SREE V, LINCYA A H, RESHMA J

1. Documentation Overview

The Project Documentation phase organized every important project artifact into a structured format. The objective was to prepare complete technical records, submission files, GitHub references, demonstration materials, and phase-wise reports so that AI WeatherWise could be submitted according to SkillWallet requirements.

Documentation Objective

Create complete and organized project records including the GitHub repository, demo video, documentation report, PPT presentation, and phase-wise documents.

2. Documentation Components

Document	Purpose
Main Documentation	Complete project report
GitHub Repository	Source code
Demo Video	Project demonstration
PPT Presentation	Final presentation
Phase-wise Documents	8 phase reports
SkillWallet Submission	Final submission details

3. Technical Documentation

The technical documentation records the complete backend implementation of AI WeatherWise, including the Node.js and Express.js server setup, MongoDB Atlas integration, JWT authentication, API endpoints, folder structure, and testing process.

Main Documentation Summary

The final documentation includes the project overview, problem statement, technologies used, system architecture, database design, API testing, screenshots, security features, and future scope.

4. GitHub Repository Documentation

The GitHub repository stores the complete backend source code, project documentation PDF, and supporting files. The repository structure allows reviewers to access the implementation and understand the project organization.

5. Supporting Documents

- Project Documentation PDF
- Phase-wise Documents (1–8)
- PowerPoint Presentation
- Demo Video
- GitHub Repository
- SkillWallet Submission Details

6. Project Assets

Asset	Status
GitHub Repository	Completed
Documentation PDF	Completed
Demo Video	Completed
PowerPoint Presentation	Completed
Phase-wise Documents	In Progress / Completed

7. Documentation Standards

Formatting Standards

Times New Roman font, centered title page, consistent headings, organized tables, proper spacing, and professional document structure were maintained across all phase-wise reports.

8. Documentation Outcome

By completing this phase, the team successfully organized all project assets required for academic submission. The documentation ensures that reviewers can understand the project's objectives, implementation, testing, and supporting resources while maintaining consistency across every phase document.
